By Matthew P. Dziennik : The Fatal Land: War, Empire, and the Highland Soldier in British America (The Lewis Walpole Series in Eighteenth-Century Culture and History) The Fatal Land: War, Empire, and the Highland Soldier in British America (The Lewis Walpole Series in Eighteenth-Century Culture and History):

0 of 0 review helpful The facts Mam just the facts By Edward Kitlowski I thought this book would be the traditional uniforms accoutrements and battles essay essentially a rewording of established facts The bravery of the Highland soldiers at Ft Ticonderoga in which my ancestor fought or the desire of Highlanders to enlist during the French Indian War in order to wear the kilt after the Disarming Acts are themes we More than 12 000 soldiers from the Highlands of Scotland were recruited to serve in Great Britain rsquo s colonies in the Americas in the middle to the late decades of the eighteenth century In this compelling history Matthew P Dziennik corrects the mythologized image of the Highland soldier as a noble savage a primitive if courageous relic of claniship revealing instead how the Gaels used their military service to further their own interests and in doing so t About the Author Born and raised in the Scottish Highlands Matthew P Dziennik is currently a fellow at the University of Saskatchewan
