By D.G. Kirby : Northern Europe in the Early Modern Period: The Baltic World 1492-1772 successors of rome the periphery of francia 445 present kings of the asturias navarre leon castile aragon portugal spain england scotland ireland the first humans arrived on the territory of modern lithuania in the 10th millennium bc after the glaciers receded at the end of the last glacial period Northern Europe in the Early Modern Period: The Baltic World 1492-1772:

This is the first in a sequence of books which explores the history of The Baltic World and Northern Europe In this period Sweden was a major European power occupying a central position in international politics Her rise and decline and the passing of regional hegemony to the new powers of Russia and Prussia are central features in the book Dr Kirby describes the evolving social and political systems of the principal Baltic states of the time he gives the key eve The book is to be welcomed as a rich and accurate account of a significant but comparatively neglected area of Europe The Slavonic About the Author David Kirby teaches at Florida State University and is the author
