1 of 1 review helpful Deep and Informative By Jene Moseley This book begins as very detailed reading but if the reader is persistent the history emerges and it becomes a highly educational and fascinating book This book is very scholarly so be prepared to learn endless facts about Scotland's history beginning with its Roman occupation 9 of 9

review helpful Highly recommended Basing his work strongly on documentary and archaeological sources Alfred Smyth covers traditional topics in a thoroughly unconventional manner Winner of the 1985 Spring Book Award for Literature Scottish Arts Council A galloping and riproaring piece of work it left me with admiration for an author who seems to be aufait with virtually everything in the whole Scottish millennium C P Hammond Bammel A scholarly book and everyone interested in this area should read it
