1 of 1 review helpful The 6th century saint and the world around him By Adam Bigham This wonderful book is about St Kentigern also known as Mungo which means the beloved While recounting Mungo s life from conception to death and all episodes therein the author tells a flowing entertaining tale His warm insights reveal a deep mature Christian perspective while giving an intelligent well researched take on event St Mungo the founder of Scotland s largest city was born around 525 AD This makes him a contemporary of the legendary King Arthur of Britain and situates him firmly in the sixth century the so called lost century when in the breakdown of the Roman Empire records were no longer kept and even the method of dating years was lost Hale sets out to fill the gaps in history through a truly remarkable reading of this vital period
