By Jim Phillips : The industrial politics of devolution: Scotland in the 1960s and 1970s scottish independence referendum; should scotland be an independent country this article is part of a series on the politics and government of

scotland how the brexit vote has reopened deep wounds of empire and belonging and challenged the future of the united kingdom The industrial politics of devolution: Scotland in the 1960s and 1970s:

This book examines devolution explaining this central phenomenon in Scottish and British political life since the 1960s in terms of economic developments and industrial struggles The book will surprise some readers by showing that devolution was initially advanced in the 1960s by business leaders keen to isolate Scotland from the perceived advance of socialism under Harold Wilson's government but was also supported by Scottish trade unionists as a means of pr About the Author Jim Phillips is Senior Lecturer in Economic and Social History at the University of Glasgow
