3 of 3 review helpful Song of the Clyde By Murshed Alamaahmed I served with my friend Fred Walker as an apprentice Naval Architect at Willam Denny Brothers Dumbarton 1956 1962 The book is a great narrative of Clyde Shipbuilding and the pioneering technology of the 19th Century The book skips over the real problems of Clyde shipbuilding Clyde shipbuilders were underinvested in capital tgeotechnology and in its This title encapsulates the complex history of Clyde shipbuilding in one volume Beginning in the 17th century the book discusses the earliest

shipyards and methods of building on the river moves through the age of clippers and the great age of sail to the beginnings of iron shipbuilding and Thomas Wilson's trailblazing Vulcan. The yards of the Clyde soon became the cradle of steam navigation and the ships built there spread the fame and prowess of Scottish engineering. About the Author: Fred Walker is a naval architect now living in Kent. He was born in Glasgow and studied engineering at Glasgow University. He worked in shipyards in Denmark and West Africa as well as Glasgow for twenty five years before joining the National Maritime Museum.
