1 of 1 review helpful Excellent book about Highlanders By William J Dowie Maybe the best book about Scottish Highlanders I have ever read and I have read a lot of them The author takes great pains to be neutral about the many inter clan wars and present both sides of the story I only wish it had been longer and more in depth but as an introduction to the Highlanders and their history it is unrivaled 0 of 0 review h This impassioned study presents a fascinating picture of an oppressed people of a race who have left a lasting impression on the world which is far in excess of their apparent numerical geographical or political importance
