0 of 0 review helpful Guthere family By Linda Odom It is very interesting to read about my ancestors I have found things I didn't know and information I was looking for Linda Odom I am very pleased with book This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your support and understanding as we continue to provide access to a wealth of historical information for all.
