0 of 0 review helpful Don t buy this book by this publisher By Charlene L Marvin The print in this book was very poor it looked like they needed more ink The tree charts were all messed up some were very small some were half off the page some were sideways and only using half the page where if they had turned the tree it would have fit better 0 of 0

review helpful Ferguson Family This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your support and understanding of these important cultural works.
