Among You Taking Notes...: The Wartime Diaries of Naomi Mitchison, 1939-1945:

Naomi Mitchison Scotland's grand old lady of literature and celebrated left wing political thinker kept a wartime diary at the request of Mass Observation a social research agency. From the day Hitler invaded Poland to the day America dropped the atomic bomb on Hiroshima she recorded this picture of how one extraordinary family and their friends lived and what actually happened. She writes enviably with the kind of casual precision which comes by grace.
