0 of 0 review helpful Islands at War By Brian Lee Knipple This is a good albeit general look at the islands Iceland and the Faroes Shetlands and Orkneys bridging the Atlantic between the UK and the Americas during the first and second world wars It is written at a pretty high level and at only 175 pages does not cover operations in detail but rather

summarizes and provides examples of the types of actions engaged i During the two world wars the chain of island groups Orkney Shetland the Faroes and Iceland linking Europe to North America acquired great strategic significance Operating from its main base at Scapa Flow the Royal Navy and its allies sought to contain the German naval threat within the North Sea and protect the northern flank of maritime operations in the North Atlantic This book tells the story of operations along this northern front in a sequel to t About the Author James Miller was born and brought up in Caithness After working in London and abroad he returned to Scotland and currently lives near Inverness where he is a full time writer
