**By Keith Durham : Strongholds of the Border Reivers: Fortifications of the Anglo-Scottish Border 1296–1603 (Fortress)** Strongholds of the Border Reivers: Fortifications of the Anglo-Scottish Border 1296–1603 (Fortress):

3 of 3 review helpful An excellent companion to The Steel Bonnets By Eric Oppen Ever since reading George Macdonald Fraser's The Steel Bonnets I've been interested in the Anglo Scottish border reivers This book goes into detail about their fortifications and what living in them was like day to day Many of them are still in use in various capacities today 0 of 0 review helpful Scott In the year 1296 Edward I of England launched a series of vicious raids across the Anglo Scottish Border in his attempt to annex Scotland The Scots retaliated and the two countries were plunged into 300 years of war in which the Borderland became the frontline and raiding or reiving encouraged by both sides became a way of life Keith Durham examines the Border fortresses ranging from small well defended castles to imposing tower houses or peles and a variety. This book covers the fortifications built along the Anglo Scottish border from 1296 to 1603 beginning with a brief history of the English attempts to take over Scotland beginning with Edward I and initiating three centuries of border raiding reiving
