helpful Very informative By Momma Thoroug In the summer of 1642 the First Civil War between king and parliament had broken out in England Initially both sides were confident of victory but after the first campaigns ended in stalemate they began looking for allies The meddling of the Stuart Kings with Scotland s religious traditions provoked the National Covenant and later the Solemn League and Covenant Yet many Scots continued to support the King and after his execution his exiled son This fine text by St From the Publisher Packed with specially commissioned artwork maps and diagrams the Men at Arms series is an unrivalled illustrated reference on the history organisation uniforms and equipment of the world s military forces past and present
