**By Colm McNamee : The Wars of the Bruces: Scotland, England and Ireland, 1306-1328** the royal scots navy or old scots navy was the navy of the kingdom of scotland from its origins in the middle ages until its merger with the kingdom of englands war and victory at bannockburn by 1313 only stirling and berwick remained in english hands bruce was enjoying considerable success and focused his attention on The Wars of the Bruces: Scotland, England and Ireland, 1306-1328:

5 of 5 review helpful Good but uneven By William J Shepherd This new interpretation of the Scottish War of Independence grew out of the author's dissertation from the University of Oxford. The focus was upon the social and economic impact of the Scottish incursions into the north of England especially after their stunning victory at Bannockburn in June of 1314. These punitive raids were directed at winning English territory. This narrative recounts Robert Bruce's war with England. Scottish raiders struck deep into the heartlands of Yorkshire and Lancashire. English communities bought off the Scots. Ireland was nearly subdued, the Isle of Man was captured and a Welsh sea port was raided. This is a fine book that should be of interest to a much wider audience than historians. Michael Prestwich University of Durham About the Author Colm McNamee is the Senior Research Officer for the Boundary Commission.
