1 of 1 review helpful An in depth historical guide By French 75 I love this book Everything I wanted to know about Ross Cromarty is in this little book From 7000 BC to after 1600 every town every cairn every castle or fortified house its all here The authors and the music are explained right down to how the limited music of the bagpipe is used to its potential The origins of the planned villages and settlements The latest in a series of guides to historic sites and monuments in Scotland providing comprehensive narrative gazetteers and maps The district of Ross and Cromarty stretches across northern Scotland from the rugged Atlantic coastline to the shores of the Moray Firth The landscape is one of great contrasts with majestic ancient mountains to the west and pastoral countryside to the east Ross and Cromarty was the frontier zone between the emerging kingdom of Scotland
